## LANDSCAPE STRUCTURES PLAY TOUR

This educational session includes a tour of our manufacturing facilities during which you'll see continuous improvement in action and learn how our manufacturing and sustainability practices create the most innovative playground products.

Even if you're not looking to earn continuing education credits, we can bring the Learning Academy to your PTO, city council or playground committee meeting and more. Contact your local Landscape Structures playground consultant to learn more and schedule a session.

For more information about each of the sessions and to schedule a Learning Academy Session, go to [playlsi.com/continuing-education](http://playlsi.com/continuing-education).

## 100 LEVEL COURSES

### *Designing a Spray Park A to Z*

Spray parks are a fast-growing amenity of park and recreation departments. This course will present ideas on the process of installing a spray park and the intricate details of design through construction.

### *Inclusive Spray Play*

This course will examine the best practices for designing inclusive spray parks including placement of site amenities and spray features to embrace inclusive, team and group spray play.

*Products presented during the sessions may be proprietary to Aquatix®.*

**For more information about the water-focused Learning Academy Sessions and to schedule a session, go to [aquatix.playlsi.com/continuing-education](https://aquatix.playlsi.com/continuing-education).**

Since 1971, Landscape Structures Inc. has been the leading manufacturer of commercial playground equipment in the world. Our employee-owned company designs community and school playgrounds that encourage kids of all ages and abilities to learn persistence, leadership, competition, bravery, support and empathy through play. We push the limits—of design, inclusion, play—to help kids realize there is no limit to what they can do today and in the future. For a better tomorrow, we play today.
